How to book your dream wedding with us.

Securing your wedding date

We only require a 10,000 baht non-refundable deposit to lock in the date of your choice and to secure our services in organising your wedding for you. We then don't ask for any further payment until 30 days before the date of your wedding when we then ask for 50% of the total quoted. The final balance is thereafter due in full some two or three days before the date of your wedding and this is settled when we meet during the pre-meeting.

- All the prices of our packages and services are current and valid up to and including December 2010.
- Please note that these prices are subject to change. We will attempt to keep you up to date as and when this information becomes available.
- Faraway Weddings uses outside vendors for some of its additional services, e.g. Photographers, DJ, etc. We have carefully selected over the years who we work with and should one of our vendors cancel for any reason, we will do our utmost to find an equivalent supplier of similar quality and cost. However, Faraway cannot be held accountable if we are unable to do so.
- A wedding date is not confirmed until a deposit is received.
- Upon payment of the deposit, a wedding date can be moved, subject to availability, at no additional cost, but no refund will be provided in the event of a cancellation.
- We never organise more than one wedding a day. Once a deposit is paid, that date is locked out for that wedding alone.
